

Solarshield® Sunglasses
smoke-colored sunglasses, one pair
Item Catalog Number: 00657

Solarshields® block solar radiation in three ways:

1. A unique top shield blocks direct overhead sun rays (like a brimmed hat).
2. Wide side shields screen out peripheral sun rays while permitting protected side vision.
3. A patented polycarbonate lens filters out 100% of UV sunlight.

Solarshields® provide more protection than conventional sunglasses and can be worn over most prescription eyeglasses. Solarshields are rated as 100% UV protected.

References

You get

One pair of wrap-around, UV-filtering smoke-colored sunglasses.
