

## 3-in-1 Joint Formula™

### 90 liquid gel caps

Item Catalog Number: 3123

Because joint pain is so debilitating, glucosamine and chondroitin alone are not enough. This powerful formula is the first product to support joint health in three distinct ways:

Supports joints with glucosamine, chondroitin and MSM.\*

Lubricate joints with omega 3 oils and other essential fatty acids.\*

Helps fluid balance with special herbs.\*

What makes this product different:

- Liquid gel caps: The liquid content of these easy to swallow capsules, allow them to be quickly absorbed by the body.
- Independent lab testing: This product has passed each rigorous phase of the IPOP (Industry Pure Quality Program) standard. No batch is shipped unless it passes this independent analysis.
- Rain forest protection: 5 percent of our profit is donated to the Rain Forest Alliance and National Wildlife Federation. Ninety percent of our future medicines may come from our dwindling rain forests.
- Patented Bioperine Complex: The bioavailability, absorption and potency of this formula is "super-charged" with Bioperine.

## Supplement Facts

Serving Size 6 capsules

Servings Per Container 15
