Renowned dermatologist Gary Goldfaden, M.D., has developed novel solutions for the most common skin problems encountered by maturing adults. Based on extensive clinical testing, these formulas are designed with potent antioxidant tea extracts (red, green, and white) to correct specific areas of concern, such as the appearance of darkness and puffiness under the eyes, fine lines, rough skin, loose skin, and more.<sup>61-70</sup> These products can be used in conjunction with any other skin treatments or products. They are specially formulated exclusively for Life Extension®.

This best-selling product lifts and tightens skin on the face, neck and/or cleavage for six-to-eight hours or more. Several natural agents minimize the appearance of creases and lines, to promote the appearance of smooth skin and help lessen the visible signs of aging. Benefits show up within minutes of application and should last until it's washed off.
