

Under Eye Rescue Cream
Lighten · Tighten · Refresh
1/2 oz
Item Catalog Number: 80104

Dermatologist's Corner

Renowned dermatologist Gary Goldfaden, M.D., has developed novel solutions for the most common skin problems encountered by maturing adults. Based on extensive clinical testing, these formulas are designed with potent antioxidant tea extracts (red, green, and white) to correct specific areas of concern, such as the appearance of darkness and puffiness under the eyes, fine lines, rough skin, loose skin, and more.⁶¹⁻⁷⁰ These products can be used in conjunction with any other skin treatments or products. They are specially formulated exclusively for Life Extension®.

Under Eye Rescue Cream is an intensive morning and night treatment to minimize the appearance of under-eye puffiness and darkness. It targets bags and circles, improving the appearance of UV-damaged skin. Formulated to soothe and soften while it refreshes, lightens and tightens.

References

Ingredients
