

## Rejuvenating Serum

### ***For the Beauty & Recovery of Lackluster Skin from Fatigue & Sun Damage***

**1 oz**

Item Catalog Number: 80106

#### *Dermatologist's Corner*

Renowned dermatologist Gary Goldfaden, M.D., has developed novel solutions for the most common skin problems encountered by maturing adults. Based on extensive clinical testing, these formulas are designed with potent antioxidant tea extracts (red, green, and white) to correct specific areas of concern, such as the appearance of darkness and puffiness under the eyes, fine lines, rough skin, loose skin, and more.<sup>61-70</sup> These products can be used in conjunction with any other skin treatments or products. They are specially formulated exclusively for Life Extension®.

Rejuvenating Serum is primarily comprised of a concentrated antioxidant tea blend extract and hyaluronic acid, to hydrate and moisturize with an oil-free base while maintaining healthy skin. It also eases the look of lackluster skin. Rejuvenating Serum is excellent for all skin types and can be used during the day to moisturize skin, preferably after exfoliation.

#### References

#### Ingredients

Distilled Water, Concentrated Tea Blend Extract, Hyaluronic Acid
