

ArcticPure™ DHA Strawberry Flavor

240 mg, 60 softgels

Item Catalog Number: 31075

ArcticPure™ uses oil from fish caught in the cleanest and coldest body of water, the Arctic Ocean. A series of advanced distillation processes concentrates and extracts beneficial fatty acids, while guaranteeing the absence of heavy metals and PCB's. Natural flavors give ArcticPure™ oils an aroma and taste that is pleasing to both children and adults.

ArcticPure™ DHA is a concentrated source of the essential brain nutrient DHA. DHA, an omega-3 fatty acid found in fish oil, provides nutritional support for the brain and nervous system.* Stabilizing antioxidants (lecithin, ascorbyl palmitate, vitamin E) are added for freshness, and natural strawberry flavor for delicious taste.
