

Immune Protect With Paractin®

30 vegetarian capsules

Item Catalog Number: 00955

The aging process causes a progressive decline in our ability to stay healthy.¹ The elderly become susceptible because their immune systems can't stand up to microscopic invaders. Many nutrients that Life Extension® members take have been shown to support immune health.

Studies published in the 1980s and 1990s clearly show specific immune-enhancing effects of the proper use of nutritional supplements, proteins, and hormones. These substances increase host immune defense by activating complementary systems, influencing the proper production of specific antibodies from immune cells, and enhancing macrophages and natural killer cell function.³⁻⁹

Immune Protect with PARACTIN® contains a combination of patented ingredients that have been clinically shown to boost immune function, increasing the body's natural ability to combat challenges. Immune Protect with PARACTIN® provides 100 milligrams of a proprietary, patented form of beta-glucan that has been proven to activate the host immune system's primary defenders by activating complementary systems, and enhancing macrophages and natural killer cell function.¹⁰⁻¹⁵ The immune cell-priming capabilities of this patented, highly purified yeast derivative exceed those of all other sources of immune supplements tested to date.

It also contains PARACTIN®, an extract of an herb used in Asia and India for thousands of years to help with inflammatory factors, which provides significant seasonal support. Among the active ingredients of this medicinal herb is andrographolide, a phytochemical that exerts powerful immune-boosting effects on the human body.¹⁶ The formula's patented blend of these andrographolides helps control damaging inflammatory factors caused by cytokines, easing symptomatic discomfort and speeding recovery.¹⁷ Only Immune Protect with Paractin® contains both beta-glucans and PARACTIN® to help boost immunity and help with these inflammatory cytokines.

This formula also provides 250 milligrams of a standardized extract of Camu camu (*Myrciaria dubia*) (or wildcrafted berry), a small fruit native to the Amazonian rain forest and one of the richest natural sources of vitamin C.¹⁸

One capsule should be taken daily, especially during the fall and winter months, when immunity is low. The (1->3)-beta-d-glucan complex takes about five days to prime the immune system for optimal protection, so daily supplementation is highly recommended. (To assist recovery, up to six capsules per day can be taken as needed on a temporary basis.)

Supplement Facts

Serving Size 1 capsule

Servings Per Container 30

Amount Per Serving

Vitamin C (from camu camu extract)	50 mg
Wellmune WGP® (highly purified Beta 1,3/1,6 Glucan from a unique strain of Baker's Yeast)	100 mg
Camu camu (<i>Myrciaria dubia</i>) extract (wildcrafted berry) [std. to 20% natural vitamin C (50 mg)]	250 mg
Paractin® (Bioactive 14-Neo-Andro Compound) (<i>Andrographis paniculata</i>) extract (leaf) [patented blend of Andrographilides, 14-Deoxyandrographolides, and Neoandrographolides]	25 mg

Other ingredients: vegetable cellulose (capsule), microcrystalline cellulose, vegetable stearate.

Contains gluten and corn. Contains yeast.

This product contains NO milk, egg, fish, peanuts, crustacean shellfish (lobster, crab, shrimp), soybeans, tree nuts, wheat, or rice. Contains NO artificial sweeteners, flavors, colors, or preservatives.

PARACTIN® is a registered trademark of HP Ingredients.

Wellmune WGP® is a registered trademark of Biothera. WGP® is a registered trademark of Biothera...the immune health company. WGP® is exclusively distributed by the ET Horn Company.

Dosage and Use

- Take one capsule daily with water 30 minutes before a meal, or as recommended by a healthcare practitioner.
- Increase dose up to six capsules daily if needed.

Note

The highly purified yeast extract has mannan and manno-proteins removed as these can trigger an allergic and inflammatory bowel flare in individuals with yeast allergies, IBD, or Crohn's disease.

Warnings

- Keep out of reach of children.
- Do not exceed recommended dose.
- Do not purchase if outer seal is broken or damaged.
- If you have a bad reaction to product discontinue use immediately.
- When using nutritional supplements, please consult with your physician if you are undergoing treatment for a medical condition or if you are pregnant or lactating.
