

Sun Protection Spray with Beta Glucan (SPF 30)

6 oz (178 ml)

Item Catalog Number: 00971

Sun Protection Spray contains a blend of sunscreens that provide extensive protection against UVA and UVB light. The ingredient octinoxate (or octyl methoxycinnamate) is an FDA-rated Category I sunscreen that offers outstanding protection against UVB waves. Studies have shown that octinoxate not only protects against sunburn, but even defends you below the skin line against UV light-induced trauma.⁵⁴⁻⁵⁶ Avobenzone, an oil-soluble ingredient, has a unique ability to absorb a much wider range of ultraviolet light including UVA and UVB wavelengths. Sun Protection Spray also features vitamins C and E as protection against free radicals and nourish healthy collagen,⁵⁷⁻⁵⁹ while NaPCA helps skin regain its youthful softness.⁶⁰ The inclusion of beta glucan improves the outward signs of aging for healthier, younger-looking skin.

With these skin-protecting ingredients, Sun Protection Spray offers full, broad-spectrum protection from UV-induced skin problems.

References

Active Ingredients

Octinoxate 7.5%, Benzophenone-3 5.0%, Octisalate 3.0%, Avobenzone 0.65%

Inactive Ingredients

SD-Alcohol 40B, Ethyl Ester of PVM/MA Copolymer, Aloe Extract, Oat Beta Glucans, Tocopherol Acetate (Vitamin E), Polysorbate-20, Cucumber Extract, Chamomile, Sodium PCA (NaPCA), Retinyl Palmitate (Vitamin A), Ascorbyl Palmitate (Vitamin C), Fragrance, DMDM Hydantoin.

Dosage and Use

- Apply evenly over the body before sun exposure and as needed.
- Children under 6 months of age: consult a physician.
- Reapply as needed or after towel drying, swimming, or perspiring.
- Sun alert: Limiting sun exposure, wearing protective clothing, and using sunscreens may reduce the risks of skin aging, skin cancer, and other harmful effects of the sun.

Warnings

- When using this product, keep out of eyes. Rinse with water to remove.
- Stop use and consult a physician if rash or irritation develops.
- Keep out or reach of children.
