

Neck Rejuvenating Anti-Oxidant Cream

2 oz

Item Catalog Number: 80122

Dermatologist's Corner

Renowned dermatologist Gary Goldfaden, M.D., has developed novel solutions for the most common skin problems encountered by maturing adults. Based on extensive clinical testing, these formulas are designed with potent antioxidant tea extracts (red, green, and white) to correct specific areas of concern, such as the appearance of darkness and puffiness under the eyes, fine lines, rough skin, loose skin, and more.⁶¹⁻⁷⁰ These products can be used in conjunction with any other skin treatments or products. They are specially formulated exclusively for Life Extension®.

This cream is formulated with potent antioxidants, peptides, vitamins, tea extracts and powerful anti-aging ingredients. It helps improve the appearance of creased, thin, sagging (or loose) and discolored skin on the neck. It also helps improve the appearance of prominent bands around the neck area and the dry, dehydrated, veiny texture of the neck.

References
