### *Dermatologist's Corner*

Renowned dermatologist Gary Goldfaden, M.D., has developed novel solutions for the most common skin problems encountered by maturing adults. Based on extensive clinical testing, these formulas are designed with potent antioxidant tea extracts (red, green, and white) to correct specific areas of concern, such as the appearance of darkness and puffiness under the eyes, fine lines, rough skin, loose skin, and more.<sup>61-70</sup> These products can be used in conjunction with any other skin treatments or products. They are specially formulated exclusively for Life Extension®.

The Face Rejuvenating Anti-Oxidant Cream is formulated to improve the appearance of dry, dehydrated, environmentally damaged skin. It helps improve the look of lackluster skin. Continual use may lessen the appearance of unwanted creases, pigmentation and freckling. It can be used in conjunction with other skin treatments or products.
