

Cellulite Suppress™ Formula

6 fl oz (180 ml)

Item Catalog Number: 01011

Despite the billions of dollars spent on skin-contouring creams, most women still encounter unsightly cellulite as they age.²⁸ Scientists have now discovered why.

Cellulite is caused by vascular changes that affect superficial fat just below the skin's surface. Women have a greater capacity to hold more of this visible superficial fat than men. Women also have more fat-storage receptors in cellulite-prone areas.²⁹

These factors combined with an age-related decrease in circulation weaken collagen fibers in the outer skin cells.³⁰ The result is the characteristic dimpled effect of cellulite that occurs when buoyant adipocytes (fat cells) protrude into the outer skin cells toward the skin's surface.³⁰

Based on extensive research, Life Extension® has identified seven compounds to help reduce the appearance of cellulite. The Cellulite Suppress™ Formula provides all of these important scientifically tested ingredients.

Scientists in Europe have developed two groundbreaking anti-cellulite ingredients called ADIPOS LIM™ and ADIPOLESS™. A clinical trial using ADIPOS LIM™ on the thigh area showed a visual improvement in the appearance of cellulite in 71% of treated subjects.³⁰ Both ADIPOS LIM™ and ADIPOLESS™ work in synergy to help reduce the appearance of stubborn cellulite.

Cellulite Suppress™ Formula also contains escin (horse chestnut seed extract), glycyrrhetic acid, Phycoboreane™ and Rhodysterol™, which help reduce the appearance of cellulite. Another skin-firming ingredient is Centella asiatica.

Recent discoveries have uncovered the underlying mechanisms in cellulite formation and provide a scientific rationale to reduce the appearance of cellulite on the back of the legs, buttocks, and other parts of women's bodies.

For the first time, women can achieve more toned, firmer, and smoother looking skin with the cutting-edge, multi-ingredient Cellulite Suppress™ Formula.

Ingredients

Water, Isododecane, Ethylhexyl Palmitate, Pentylene Glycol, Butylene Glycol, Glycerin, Hydroxyethyl Acrylate/Sodium Acryloyldimethyl Taurate Copolymer, Caprylic/Capric Triglyceride, Gelidium Cartilagineum Extract (Rhodysterol™), Laminaria Hyperborea Extract (Phycoboreane™), Chenopodium Quinoa Seed Extract (ADIPOLESS™), Sorbitan Laurate (and) Lauroyl Proline (ADIPOS LIM™), Menthyl PCA, Centella Asiatica Extract, Aesculus Hippocastanum (Horse Chestnut) Seed Extract, Lecithin (vegetable), Menthol, Glycyrrhetic Acid, Sodium Hyaluronate, Disodium EDTA, Phenoxyethanol, Caprylyl Glycol, Isoprene Glycol.

ADIPOS LIM™ and ADIPOLESS™ are trademarks of SEPPIC.

Rhodysterol™ and Phycoboreane™ are trademarks of BiotechMarine.

Dosage and Use

- After showering, towel dry and massage lotion gently into affected areas.
- For best results apply twice daily.

Caution

For external use only. Keep out of reach of children. Wash hands thoroughly after application. Avoid contact with eyes. If product contacts eyes, rinse thoroughly. Do not use on irritated skin. For people with sensitive skin, test in a small area before using. If irritation occurs, please discontinue use and contact a physician.
