*Dermatologist's Corner*

Renowned dermatologist Gary Goldfaden, M.D., has developed novel solutions for the most common skin problems encountered by maturing adults. Based on extensive clinical testing, these formulas are designed with potent antioxidant tea extracts (red, green, and white) to correct specific areas of concern, such as the appearance of darkness and puffiness under the eyes, fine lines, rough skin, loose skin, and more.⁶¹⁻⁷⁰ These products can be used in conjunction with any other skin treatments or products. They are specially formulated exclusively for Life Extension®.

Antioxidant Facial Mist has been specifically formulated for dry or dehydrated skin. It provides immediate antioxidant hydration and moisture for all skin types. The Antioxidant Mist is excellent for dry climates, all activity levels, and for frequent travelers (fliers). Its high levels of potent antioxidants begin working instantaneously to smooth, soften, hydrate, and refresh your skin.
