

L-Lysine Powder

300 grams

Item Catalog Number: 00129

Lysine is an essential amino acid necessary for growth and to help maintain nitrogen balance in the body. (Essential amino acids cannot be made in the body and must be supplied by diet or supplements.) It may help promote proper nitrogen balance in the body and prevent glycosylation, the combining of a sugar and protein molecule accelerated by elevated levels of sugar in the blood.^{137,138}

Lysine appears to help the body absorb and conserve calcium.¹³⁹ Lysine has many functions in the body because it is incorporated into many proteins, which are used for a variety of purposes.

Most people, including vegans (vegetarians who avoid dairy and eggs), consume adequate amounts of lysine. However, vegans whose diets contain large amounts of grains and only minimal amounts of beans could become lysine deficient. Athletes involved in frequent vigorous exercise have an increased need for essential amino acids, although most diets meet these increased needs. The essential amino acid requirements of burn patients may exceed the amount of lysine in the diet.

Lysine supplementation increases the absorption of calcium and may reduce its excretion.¹³⁹ Some researchers believe that the disturbed balance of arginine and lysine may play a role in viral problems.^{140,141}

Lysine works with other essential amino acids to maintain growth, lean body mass and the body's store of nitrogen. In addition, dietary supplementation with the essential amino acid L-lysine has been shown to reduce anxiety in humans with low dietary intake of L-lysine. L-lysine, together with arginine, has been documented to normalize hormonal stress responses in humans with high trait anxiety.¹⁴²

Supplement Facts

Serving Size 1/2 level teaspoon (approx. 1.3 g)

Servings Per Container 230

Amount Per Serving

L-Lysine (as L-Lysine HCl)

1.3 g

Other ingredients: none.

This product contains NO milk, egg, fish, peanuts, crustacean shellfish (lobster, crab, shrimp), soybeans, tree nuts, wheat, yeast, gluten, corn, or rice. Contains NO sugar, and no artificial sweeteners, flavors, colors, or preservatives.

Dosage and Use

- Take 1/2 level teaspoon daily on an empty stomach, or as recommended by a healthcare practitioner.

Warnings

- Keep out of reach of children.
- Do not exceed recommended dose.
- Do not purchase if outer seal is broken or damaged.
- If you have a bad reaction to product discontinue use immediately.
- When using nutritional supplements, please consult with your physician if you are undergoing treatment for a medical condition or if you are pregnant or lactating.
