

Norwegian Shark Liver Oil (20% Alkylglycerols)

1000 mg, 30 softgels

Item Catalog Number: 00284

Research has shed additional light on the multi-faceted benefits of alkylglycerols standardized from shark liver oil. Alkylglycerols act as immune system boosting agents.⁶⁵⁻⁷³

As a natural bacteria fighter, alkylglycerols are able to support the helper T-cells, which are highly sensitized to the bacteria-infected macrophage, and thus the body is able to regulate the bacteria.

As an antifungal, alkylglycerols are beneficial because they are known to increase production of certain cytokines. (The daily dose of five 1000-mg Shark Liver Oil softgels, containing 200 mg of alkylglycerol each, taken for up to 30 days, has been shown to be a powerful antifungal.)

This Norwegian Shark Liver Oil is processed from the livers of sharks found in the waters off the coast of Norway. Each softgel is standardized to provide 200 mg of alkylglycerols.

Servings Per Container 30

Amount Per Serving

Shark Liver Oil

1000 mg

(contains 200 mg alkylglycerols)

Other ingredients: gelatin, glycerin, water.

Contains fish (Somniosus Microcephalus [Greenland Shark]). This product contains NO milk, egg, peanuts, crustacean shellfish (lobster, crab, shrimp), tree nuts, wheat, yeast, gluten, or corn. Contains NO sugar, and no artificial sweeteners, flavors, colors, or preservatives.

Dosage and Use

- Take one softgel daily with food, or as recommended by a healthcare practitioner.

Caution

At no time should the maximum recommended dose be exceeded. Do not take shark liver oil for more than 30 days because it may cause the overproduction of blood platelets. In case of chronic use, over 30 days straight, a possible, albeit rare, side effect known as thrombocythemia (excess thrombocytes) can occur, leading to a tendency for the blood to clot. This condition is easily diagnosed with a blood test. Consult with your physician if thrombocythemia is a consideration.

Warnings

- Keep out of reach of children.
- Do not exceed recommended dose.
- Do not purchase if outer seal is broken or damaged.
- If you have a bad reaction to product discontinue use immediately.
- When using nutritional supplements, please consult with your physician if you are undergoing treatment for a medical condition or if you are pregnant or lactating.
