

## RNA Capsules

**500 mg, 100 capsules**

Item Catalog Number: 00070

RNA (ribonucleic acid) is a nucleic acid that is found in the nucleus and cytoplasm of cells, where it plays an important part in protein synthesis and cellular renewal. Adequate amounts of RNA in the body are essential to every aspect of good health and well-being. Supplementation with RNA derived from yeast may support healthy cellular division, replication and repair; and help boost the immune system response.
