

Serraflazyme**5 mg, 100 tablets**

Item Catalog Number: 00318

As people age, systemic inflammation can inflict degenerative effects throughout the body.¹⁻⁵ A primary cause of this destructive cascade is the production of cell-signaling chemicals known as inflammatory cytokines. Along with these dangerous cytokines, imbalances of hormone-like messengers called prostaglandins also contribute to inflammatory processes.

Serraflazyme is a proteolytic enzyme with joint and muscle sup-orting properties.^{77*}
