

Hesperidin Complex Powder

300 grams

Item Catalog Number: 00138

Hesperidin is a bioflavonoid that may support the proper functioning of capillaries and blood vessels. Bioflavonoids have a variety of functions that help in many physiological functions important to good health.²³¹⁻²⁴⁰ As a powerful antioxidant, hesperidin has a potential role in protecting neurons against various types of insults associated with many neurodegenerative processes.²⁴¹⁻²⁴⁷ Hesperidin also attenuates LPS-induced hepatotoxicity, possibly by preventing cytotoxic effects of nitric oxide and oxygen free radicals.²⁴⁸
